DETAILED ACTION

Allowable Subject Matter

Claims 6-18 are allowed.

The following is an examiner's statement of reasons for allowance:

Arguments presented in Pages 8-10 of Remarks/Arguments filed on 10/2/03 are persuasive in overcoming the rejection of claim 6 as being unpatentable over Shankar et al. (U.S. Patent No. 4,991,924) in view of Pan et al. (U.S. Patent No. 5,742,712). Particularly, Applicant is persuasive in indicating that Shankar fails to disclose two cholesteric liquid crystal cells responsive to a control signal and that Shankar also fails to disclose a direct passage of light from the first collimating GRIN lens and cholesteric liquid crystal cell unit to a second optical fiber (Page 9). Accordingly, the rejection of claims 6-12 is withdrawn.

Reasons for allowance of claims 13-18 remain as indicated in the Office Action mailed on 7/8/03.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
